## LANGUAGES

Spanish | Native  
English | Advanced. First Certificate. Grade C

## OBJECTIVE

I am 21 years old, and my goal is to learn about the world of computer science and its applications in various work environments (such as optimizing certain tasks) . I am responsible in my activities and enthusiastic about completing the tasks I set for myself. I enjoy teamwork and adapt easily to the different changes that may arise.

## WORK EXPERIENCE

### IT System

**Natan Gesang Institution.** Buenos Aires, Argentina | Feb 2024 - May 2025

- Full technical support in the T1 area and partial support in T2.
- Computer equipment repair.
- Purchase of new computer equipment and current resources upgrades.
- Frequent contact with ONDRA, the company in charge of maintaining the institution's servers.
- Requirements analysis for future projects in the systems area.
- Administration of institutional accounts through Google Workspace.
- Development of scripts to add new functions to computers.
- Administration of technological infrastructure.
- Video editing.

### IT System

## EDUCATION

### Degree in Computer Science (Software Engineering)

**Universidad Siglo XXI.** Buenos Aires, Argentina | Feb 2023 - At present

I am currently pursuing a Computer Science degree, having completed 40 out of the 54 courses required for the program. Once finished, I will take the remaining 10 courses to graduate as a Software Engineer.

### University Expert in Ethical Hacking

**UTN.** Buenos Aires, Argentina | 2023

I completed a University Expert program in Ethical Hacking at the National Technological University (UTN), where I reinforced my knowledge in cybersecurity and ethical hacking.

### Professional Front End Developer

**UTN.** Buenos Aires, Argentina | Feb 2024 - Sep 2024

I obtained the University Expert certificate in Front End Developer. I acquired and strengthened knowledge in HTML, CSS, JavaScript, and Bootstrap.

### Data Engineering

**UTN.** Buenos Aires, Argentina | Oct 2024 - Dec 2024

I completed the Data Engineering course at UTN to learn and strengthen my knowledge of fundamental techniques and tools for effectively collecting, cleaning, transforming, and storing data. This enables me to perform data analysis in various business contexts.

### Diploma in Python

**UTN.** Buenos Aires, Argentina | Oct 2024 - May 2025

I completed the Python diploma, where I reinforced my knowledge of Python, reviewing basic concepts up to advanced uses and practices.

### CAE Certificate

**Private English Tutor.** Buenos Aires, Argentina | Aug 2024 - At present
